

Where Uncharted Meets Extraordinary

FIND YOURSELF WHERE THE WORLD CAN'T

Within a secluded archipelago in the bountiful Red Sea, a story thousands of years old is waiting to be told.

Born from the stars of the infinite sky above and the colorful reef below, Nujuma, a Ritz-Carlton Reserve carries on the traditions of those who traveled across uncharted territory to discover pristine natural beauty, rich cultural heritage and flavors as vivid as the sea itself. Surrounded by crystal-clear water and soft white sand, Nujuma is an unspoiled sanctuary where exploration unveils a constellation of unforgettable experiences.

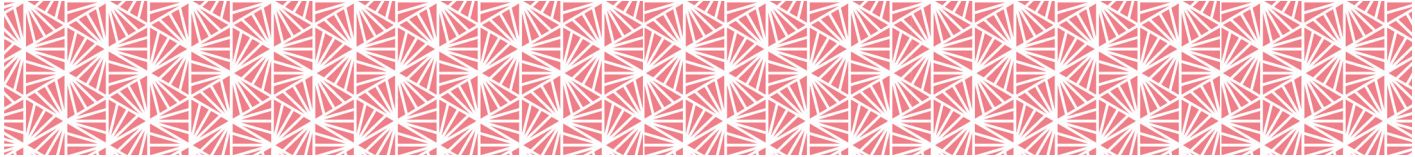

EXCLUSIVE SANCTUARY

Set amid the soft white sand or perched above the azure sea, villas mirror their surroundings with shell-inspired structures and interiors finished with found objects, local art and colors, textures and materials that borrow from nature. Designed to offer both elevated privacy and direct access to the outdoors, each of the 65 villas features panoramic windows, open living space, a sea-view pool and a telescope to discover Saudi Arabia's enchanting star-filled sky.
