Everything -from the menu to the furnishings, wine list and glassware is carefully curated to provide a comfortably luxe experience. Designed to bring SLS lobby areas to life with food and drink, the space serves as both a place for people in the neighborhood to use for catch-ups with friends and hotel guests to relax into and take a break during the day.

Confidently operating from morning until night, Deluxe seamlessly moves from café to wine bar with a small selection of beers and cocktails and a small menu of Aperitivo-style snacks.

FI'LIA

Fi'lia is an Italian restaurant that specializes in home-style hospitality with family recipes passed down through generations of women. The menu is curated to put the best of the season's produce on the table and focuses on hand-made pasta, pizza and a unique offering of both traditional and experimental dishes.

Fi'lia is a wholesome restaurant that celebrates heritage, identity and tradition through its nourishing, comfort-led Italian food. Throughout the day, guests will recognize the smell of simmering tomato passata and the sound of rolling fresh dough amongst kitchen clutter -transporting them to a familiar place of warmth and generosity, like their grandmother's home.

SEABIRD & THE PEARCH

Iconic London restaurant Seabird has taken flight from the UK, migrating to sunnier climates and finding a new home on the beach. Seabird is a festive restaurant specializing in seafood with a Spanish and Portuguese twist. Across the pool, guests will find The Perch, a vibrant beach bar that takes on holiday classic mocktails, freshly squeezed juices and refreshing non-alcoholic slushies.

THE PERCH

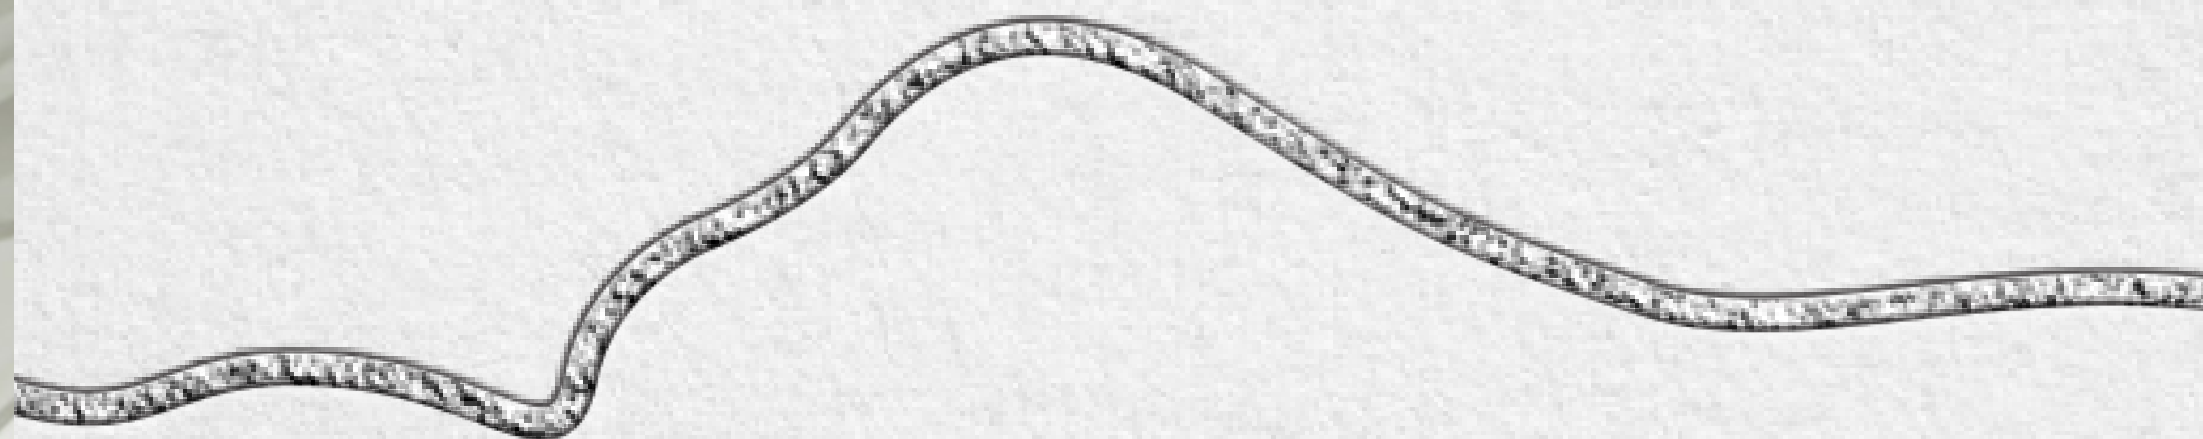

A Seabird’s flight across from the restaurants it sits the standalone bar known as The Perch, with its own distinct personality - a perfect place to perch before or after dinner, or to nest down during the day through to the late evening. A selection of flavored iced coffee and teas are available to sip during the day, and extravagant slushies decked out with fresh fruit are dispensed from The Perch, to the soundtrack of DJs spinning while guests dip their toes in the lagoon, Sangrias and punches are available pool and beachside by the glass or pitcher - perfect for sharing - and a list of sparkling infusions and teas are labelled and bottled in house to serve on ice directly to the cabanas.

Floating World is a fabulously excessive, Japanese-influenced restaurant that specializes in bold flavored, easy-to share food with stylish, immersive design. Floating World is an opulent and serene space that provides a place for guests to immerse themselves in a lavish world and enjoy a vibrant yet nourishing Japanese-inspired meal. Floating World or ‘Ukiyo’ is a Japanese term used to define the urban lifestyle and pleasure-seeking culture of the Edo period in Japan (1867-1600). This concept revives this historical moment, delivering it to our guests and giving them a space to eat, drink and play.
